

SCIENCE FAIR

Wednesday, March 22
6pm-8pm

During Young Scientist Week, we are celebrating the scientist in every student!

Science Fair 2017 will not only display Clyde Hill students' Science Projects, but also provide information and activities regarding the new STEM (Science, Technology, Engineering, and Math) curriculum at CHE. Come and participate in fun and engaging STEM activities for the entire family, while learning more about computer coding available for students through after school robotics program.

To participate in the Science Fair students may register through Academic Challenge online < <http://clydehillpta.org/academic-challenge-registration> > or by using this form, pay \$5, and obtain a display board at one of the distribution dates below. **Please follow the instructions for creating your Science Project in the YSW Handbook. The Handbook and full details about the Science Fair can be found via the YSW link:**

<http://clydehillpta.org/young-scientist-week>

Completed Science Projects are due back to school on **Tuesday, March 21**. Time permitting, students will share their projects in the classroom before the Fair.

Board distribution will be outside the library on the following dates:

March 13 (Mon)	7:30 – 8:00 am and 2:15 – 3:00pm
March 14 (Tue)	7:30 – 8:00 am and 2:15 – 3:00 pm
March 15 (Wed)	7:30 – 8:00 am
March 16 (Thu) FINAL DAY	7:30 – 8:00 am and 2:15 – 3:00pm

Students already registered for the Academic Challenge bundle do not need to register again, but they do need to pay for their board and pick it up at one of the above times.

Lunch and dinner will be available for purchase.

If you have any questions about the Science Fair please contact Janet Daly (sciencefair@clydehillpta.org)
For Academic Challenge questions please contact Dipti Shaholia (acchallenge@clydehillpta.org).
